Measure, Appointment or Topic: HB3075

There should never be the option of lawmakers converting what is our right under the constitution, turned into a privilege based upon a variety of circumstances listed in this bill.

Right to bear arms is a right, not a legislated event. Please consider the amount of issues, law suits etc that would come from this. It has registered cases in other states showing how this is not lawful and they did not win.

I am OPPOSED to this bill passing, let it be known I am far from the only one with this thought .
