Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I want to stress how wrong this bill is and why it should be shut down. We all know criminals don't care about laws and all your doing by pushing these gun laws is making the good person a criminal, this bill is unconstitutional and goes against the 2nd amendment. If you push this bill through you're going to help the criminals and make the good guy trying to protect his family a criminal. You will continue to push the good people out of this state and soon bankrupt this great state. Please reconsider this bill and throw it out.
