Measure, Appointment or Topic:

HB3075

HB3075 and Measure 114 are both unconstitutional. If you need a permit to exercise a right then it is no longer a right. I'm a Marine Veteran and it's absolutely disgusting what this state is doing, as elected officials it is your duty to follow the constitution and not push personal agendas. If we truly want to reduce gun violence then you will focus on actually enforcing the laws already in place. Not creating and pushing ones that violate the constitution and only restrict law abiding citizens.
