

Submitter: Verl Shields

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This measure is wrong. It goes directly against the Constitution, by taking away a citizens right of self defense.

By adding hoops that must be jumped through is infringing on a right given to each person by God.

History shows only law abiding citizens will be harmed by this law.

Vote NO

Do not make it harder for law abiding citizens to protect themselves and others.
