

Submitter: Clare Claassen

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As an Oregon gun owner, I oppose measure 114 in its entirety. This measure directly infringes on my 2nd amendment rights to bear arms. While gun safety is imperative, this measure is poorly written and imposes sweeping regulations that will prohibit gun purchases for law abiding citizens such as myself. This measure will not deter criminals from illegally obtaining firearms, as no law has ever deterred criminals from their illegal activities. The proposed system is unvetted and a logistics nightmare. The only thing this measure is doing, aside from lining the pockets of the politicians who are in favor of it, is stopping the average Oregon gun owner from exercising their second amendment rights.
