Measure, Appointment or Topic: HB3075

This Bill if Enacted will do nothing to stop Criminal activity. Criminals don't follow laws. Law abiding Gun owners already go into a Gunshop and fill out a 4473 form to prove they are legitimate. This bill will make it harder for a law abiding Citizen to protect themselves against the growing number of criminals in this state. This bill will make it impossible for the people of the State of Oregon to purchase a firearm to either defend themselves against criminals, or to simply get a Hunting rifle to provide for there Family. The Constitution says that the right of the People to keep and Bear arms shall not be infringed. This law is doing exactly that. The senators and Congressman who are going to pass this bill are not listening to the people that voted them in. We the people are the ones that get to say what laws we want passed. This is not one of the ones we the people support. It is unconstitutional and a smack in the face to the already law abiding Gun owners of Oregon. It will hurt the citizens and the Gunshops that are a part of the revenue of this state. This law if enacted will just make the citizens into criminals let the Real Crimals get the upper hand in this State.
