Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Measure 114 is unconstitutional, undermines our 2nd amendment rights, we already have background checks in place, this just further increases the purchase of illegal firearms, this only affects the law abiding citizens of Oregon, if you liberals don't realize the bad guys will not abide by any of the laws in this ridiculous measure, so I encourage everyone who has any common sense to get on board and stop measure 114 it solves nothing and I promise you they won't stop here!!!!
