

Submitter:

Chris Hardy

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I oppose HB 3075 because it is an infringement of a fundamental right. Americans aren't required to obtain a permit to exercise other rights. Furthermore, banning so-called "large capacity" magazines will do nothing to aid in public safety. Mass shootings and gun violence are about location and circumstances, not round capacity. I urge the legislature to conduct more research on these matters and speak with a large number of constituents before they submit their votes.
