

Submitter: Sarah Chaney
On Behalf Of: Oregonians
Committee: House Committee On Judiciary
Topic: HB3075

Dear Representative Kropf and the House Committee on Judiciary,

I am writing in support of HB 3075 which modifies some of the language of Measure 114, which voters approved in 2022. This measure was also found constitutional in a unanimous ruling by the Oregon Court of Appeals on March 12, 2025.

Please pass HB3075 out of committee to make sure Measure 114 goes into effect smoothly and quickly in order to support smart prevention measures to prevent gun tragedies.

Thank you.
