HB3075

I strongly oppose HB 3075. This is an unfunded mandate to Counties. Where is the fiscal impact statement required to move this bill to Ways and Means?

Permit requirement for firearm possession has already been ruled unconstitutional by SCOTUS. These draconian rules trample on the constitution of the United States and the State of Oregon. Not that most politicians care about that. You are also taking away access to the right to defend yourself for many low-income families and making it easier for criminals to continue to commit crimes. Criminals do not follow the law!!!!!!!!!! By attempting to force this on Oregon, you are making hundreds of thousands of Oregonians artificial criminals and putting them in danger.
