

Submitter: Robert Sowdon

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Chair and committee members

As a gun owner, I'm appalled when there are restrictions implemented that are unconstitutional as in "shall not be infringed". The bill cites public safety, this bill does nothing of the such. Criminals don't respect your silly laws, those are the people you should be targeting with harsh penalties when a gun is used in a crime!
