

Submitter: Jamie Newton
On Behalf Of: Self
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3075

I am Jamie Newton, and I oppose this bill. I believe it brings undue financial burden for exercising our second amendment right. If having to have ID to vote is unfair to the less fortunate due to them not being able to afford ID, than isn't forcing the less fortunate to pay extra to exercise their second amendment right the exact same. I feel this bill blatantly violate every Oregonian's second amendment rights. This law will do nothing to deter criminals from further breaking the law. If out lawing, or getting a permit to do something worked other than to produce revenue, then there would be no speeding, drug use or gun violence to begin with.
