Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3075

I helped get Measure 114 on the ballot and voted for it. Now it's time to take this one step to get it smoothly implemented this session. I am an elementary school teacher and find it unconscionable that Oregon students have to go through every day of schooling fearing a mass shooting and as teachers we can only tell them to run, fight or hide but that the people in charge are doing nothing about it.

A (frankly logically flawed) rallying cry of the pro-gun lobby has long been "guns don't kill people, people kill people," but the fact of the matter is that People with Guns Kill More People.

Please support this measure that was voted on by a majority of the Oregon population.
