

Submitter: Sharon Streeter

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

It breaks my heart that we will allow gun owners more rights than school children. That we will continue to look the other way when innocent lives are taken by men with guns. Women and children bear a disproportionate burden, here: they are the victims of gun violence. Domestic violence is rampant. And the police look the other way. We must support this legislation. Now!
