Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

There is lack of transparency here. While this is getting pushed through, there have been no explanations as to what this will cost the tax payers. The burden of extra staff to manage the permitting system has not been shared. There is already a heavy load with the background checks.

There is no class available to take for permit to purchase, and no indications of when it will be available, which means we have lost the ability to exercise our 2A rights
