Measure, Appointment or Topic: HB3075

Hello, I am writing this in opposition of HB 3075. HB 3075 is unconstitutional by every metric that has been ruled on by the United States Supreme Court. It is also a direct violation of the Oregon Constitution. Text, history and tradition should always be the standard that is met for any bill put fourth in the Oregon State House of Representatives.

I am a disabled person, and am threatened by this bill. By voting in support of HB 3075. Oregon representatives have put very limited restrictions on not just myself, but every disabled person who chooses a firearm for self defense and security of themselves, and their families.

Not only does HB 3075 place monetary restrictions/requirements on Oregon residents. It, also restricts their and my choices on the style of firearms that can be purchased, possess and utilize for varying situations. You have placed law-abiding citizens in the lower class with very limited choices. HB 3075 will make Oregon citizens criminals if WE DO NOT COMPLY! You are also creating a dangerous environment for law enforcement. If they choose to enforce HB 3075.

HB 3075, in of itself is unconstitutional, and in my opinion treasonous lof every representative that votes in support of HB 3075!

I WILL NOT COMPLY WITH THIS BILL/LAW, OR ANY OTHER DRACONIAN TYRANT COMMUNIST LAW that TRAITORS to the United States and the State of Oregon!

MOLON LABE! COME AND TAKE THEM!
