

Submitter: Dayna Curtis

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Please support HB 3075-1 it will help ensure a smoother and more rapid implementation of Measure 114. I am a teacher & a mother of school age children. Gun violence & school shootings can not continue to be a regular occurrence! No teacher or student should have to fear for their life being at work & school. Please move the gun safety measures swiftly! I helped gather signatures of voters who have guns & think these measures make good sense & other voters who don't have guns who expect that background checks & learning safety rules are paramount.

Thank you for listening & moving this measure forward!
