I oppose this, and any legislation that further restricts the 2nd Amendment. These laws will only negatively impact those who wish to be Responsible Gun owners. As a Veteran, and Oregon Resident, it disgusts me how these laws are being forced upon citizens like me who have tried to stay within the good side of the law. This state continues to violate my God given Rights, doing nothing to target real criminals. It instead aims to leave us vulnerable, and defenseless, while real criminals, (and the Oligarchs of Oregons Political class) will continue to victimize us.

But this is of little concern to Politicians, the Political class, and the Rich Oligarchs of Oregon, who have the financial ability to either pay for their own security details, (who of COURSE are exempt from firearm restrictions) or have the time and money to afford these changes, while those of us who struggle with our income have to decide between putting food on our table, or jump through Red Tape and financial pain just to qualify to defend our lives, and the lives of our families. This is absolutely an example of Ivory Tower politicians.

And what's worse, is that it turns us Law abiding Oregonians into Felons, overnight. Standard capacity magazines are now being treated more harshly than the Street drugs impacting our communities. More harshly than the Rapists and Murderous criminals that get continued protection here in Oregon. At this point, why do I even pay taxes, if they are only going to be used to take my LIFE?

I oppose these Unconstitutional measures and Bills. Violating our God Given RIGHTS will only fuel the flames and make Oregonians more Desperate. Reasonable people, will forced to make Unreasonable decisions. And this is not what Oregon needs. Oregon needs Legislation that will actually keep us safe. And to Keep us Free.
