

Submitter: Lee Pritchard

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I support House Bill 3075. Please do everything within your power to pass this bill and make our communities safer from gun violence. I have two school age children and am sad for their reality of yearly lock down drills in anticipation of gun violence at their schools. Reasonable gun laws do not prohibit the rights of law abiding citizens and make our communities, and the children in them, safer.
