Measure, Appointment or Topic: HB3075

Measure 114 is not and never was about safety. This only makes it harder for law abiding citizens to exercise their most fundamental right to protect themselves and their families. Bad guys have guns, always will have guns, and will have no problem getting around these laws you put in place.

It is dirty as hell the way you want to FORCE any legal opposition to be held in YOUR liberal, home-town, court. Because you know you will face serious opposition from 95% of YOUR STATES COUNTIES! why is it that our "house of representatives" only want to represent ONE metropolitan area?! NOT EVEN SALEM, THE CAPITOL, WANTS THIS!!

And why is it that our representatives decided to move this to a house bill instead of a ballot? ITS BECAUSE THEY KNOW THEY'D LOOSE AGAIN! The fact that our representatives are SO FAR disconnected from their constituents its BAFFLING!!

And it is soooo fucking grimey of you, our "house of representatives", to try to push through your own personal initiative under our noses after it has already been shot down. Do not let two counties dictate the lives of of everyone living hours away or across the state.

Our background check system is FINE

A magazine ban is more dangerous than less dangerous

Needing a permit to purchase?! So we need permission from big-daddy government to have access to our second amendment?!

I will be raising permit-less protets in opposition of this if it passes. Because asking for permission to exercise my 4th amendment is also unconstitutional
