Measure, Appointment or Topic: HB3075

The 2nd Amendment of the US Bill of Rights specifically states "... the right of the people to keep and bear arms shall not be infringed." HB 3075 is an infringement. Case law Marbury vs. Madison 1803 specifically states that any statute, rule, order, code that contradicts and/or opposes the Constitution is no law at all. This Bill is in direct conflict of the 2nd Amendment and must cease and desist immediately.
