Measure, Appointment or Topic: HB3075

This bill and measure 114 clearly violate both the Oregon Constitution, as well as the constitution of the United States. The state cannot legally force people to get a permit/license before they can exercise their constitutional rights. Not only do these permits violate the rights of citizens, they also add even more of a financial barrier to poor and marginalized citizens who may need to protect themselves. I also fail too see how it is a good idea to leave the permitting process up to various law enforcement agencies that many congresspeople of this state say have historically treated vulnerable communities unjustly. By this logic, if they are to take effect, these laws WILL negatively affect our most vulnerable citizens. Please do the right thing for the citizens of this state and do not allow these measures to pass.
