

Submitter: Derek Brown

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I'm not only a Marine veteran who served my country in 3 combat deployments in Iraq but I continue to serve my community and country and have sworn an oath to defend the Constitution against all enemies, foreign and domestic. It sickens me that the elected officials of Oregon want to pass a measure that is unconstitutional and will take away an unalienable right I have almost died preserving. The 2nd Amendment reads "SHALL NOT BE INFRINGED". This state would rather protect criminals who commit state level and federal crimes than preserve their own law abiding citizen's rights. I strongly oppose Ballet Measure 114.
