

Submitter: Amanda Harding

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I strongly oppose house bill 3075. This is absolutely ridiculous and a money grab governmental overreach. FFL's already have to be federally licensed and licensed through the ATF. Adding another money gate is just another way of trying to control people's gun rights and put small businesses out of business. Oregon cannot financially support this bill, the proper resources are not in place.
