Measure, Appointment or Topic: HB3075

I am 100% opposed to measure 114 as a whole. It violates my constitutional rights as a law abiding citizen. Our law makers have sworn to protect our constitutional rights and as such they are technically committing treason by not upholding our constitution. I have broken no laws nor have I ever been unsafe with a gun. So why am I along with hundreds of thousands of law abiding oregonians being punished for following the law and being responsible gun owners
