HB3075

I vehemently oppose the passage of this bill! Although I am not a gun owner or a hunter, I recognize the right of American Citizens to bear arms. I cannot believe, again, how blatant this court is in trying to take our rights away AGAIN! ! It didn't work out very well for you during Covid (2020-2023) and it's not going to work here. You as a governor and a legislative branch owe your opposition to this bill and need to stand up for us Oregon/American citizens.
