

Submitter: William Hall

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

Dear Legislator,

When considering legislation, please KEEP IN MIND, rights and responsibilities of you and I and other Oregon citizens, now and for generations to come. Please, also, keep in mind, would the Oregon Supreme Court and the United States Supreme Court, readily approve of our actions. May we always contemplate, what would our great, great grandchildren most appreciate what we did preserve for them.

Thankyou, William Hall
