

Submitter: Daniel Ficker
On Behalf Of: SB243
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: SB243

Hi Daniel Ficker strongly oppose SB 243. I feel we have enough gun regulations. I do not need more legislative enforcement of what we already have. I believe if we just enforce the laws we have and support a family oriented society that most of these issues can be resolved. What we need is the government out of the family needs and to support family politicians with concentrate on the real needs instead of the personal agendas and run a hard line on the bills that I've already passed. We can be a greater nation please do not pass SB 243 as we already have laws in place.
