I strongly oppose this. Studies have shown that extra waiting periods do absolutely nothing to prevent crime or suicide. We already have universal background checks. The state told us this was all we needed. Now you want to add in a waiting period? Maybe we should make a 72 hour waiting period before someone gets an abortion? You know, so they can "cool down". Also, make that same person pass a background check. This bill sounds pretty stupid when I compare it to abortion, doesn't it? So just get rid of this bill please.
