Measure, Appointment or Topic: SB243

I am strongly opposed to any further infringement on our 2nd Amendment rights. This bill will not do anything to curtail any of the issues it wishes to address. However it will ensure otherwise law abiding citizens either wind up breaking the law or are forced to leave their firearms in a vehicle while they visit these sites. CCW holders are not the issue. Furthermore waiting periods will only serve to keep people in need of arms for self defense unarmed and prey for their abusers. Please stop trying to destroy our 2nd Amendment
