

Submitter: Darlene Young  
On Behalf Of: The 2nd Ammendment  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB243

Why you want to impose more laws against the citizenry is beyond my comprehension. It will not prevent those individuals who abuse firearms from abusing them. They do not follow the law anyway. Quit trying to go around the 2nd Ammendment! Keep things simple. The right to bear arms shall NOT be infringed!
