

Submitter: Kent Wiles

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I support audits of the department of transportation, If you really do them. I don't support an increase in vehicle registration fees For seniors. Seniors are a large voting block and we are actively voting, so please keep that in mind. People on a fixed income need a break after Joe Biden's high inflation and ongoing affordability crisis. No new taxes or go back to your home, please. Thank you.
