

Submitter: Corey Nelson

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose this bill. We don't need more taxes we need you guys to find all the missed used money and get stuff under control. The state should be looking into where all the money is going and how to properly spend it not tax us more. Oregon was once a beautiful place to live and you guys have turned it into a mess and make it so hard for life long Oregonians to thrive here.
