Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

More taxes on gas is going to hurt us, already gas tax in Oregon is higher than most states in the nation. Our real estate taxes are climbing 3% a year. We do not want this and I believe the Oregon is taking in plenty of money as it is. It should be exposed as a money grab since the sales tax keeps getting voted down. The proposal of a transfer tax on car sales is another sneaky go around on the hard working people of Oregon
