Please do not pass this bill! This will devastate what's left of the working class people. This state has taxed the people to death while we navigate the high inflation over that last few years. We can hardly afford living necessities after taxes- this will break us.

More business will flee the state along with families if they are lucky enough to afford it making the burden fall on those who are left and barely making ends meet. Oregon is so much more than Portland, Salem and Eugene. Please listen to us all! You know this wouldn't be approved by Oregonians if put to a vote- please don't force this through.

Citizens have to live within a budget and have to prioritize expenditures- the state needs to do the same. Many government agencies have failed time and time again and can't seem to stop spending taxpayers money! This is inhumane and unjustified to say the least.
