

Submitter: Jane Doe

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please do not let this measure pass! I work extremely hard at my FT job and absolutely cannot afford these increases! Not to mention that here in Eastern Oregon, most of us only drive a few miles per day to get to work, if that. I own a 1996 Jeep Cherokee and a 2004 Yukon. Any increases at all in vehicle expenses will break me financially. I have been trying to save for a newer vehicle, and this will make it an impossible dream to attain. Please stop this! This is so unfair to the Eastern Rural residents of the state!!
