On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Why is it that Oregon can only think of increasing my taxes to the point where I am taxed to death! This latest additional amendment to House Bill 2025 is so wrong. Clean up our government and start using OUR taxes responsibly. We lose businesses due to your ridiculous taxes and mismanagement. Rethink how many more businesses are going to close or leave our state due to your actions. Stop the insanity!!
