The people of Oregon cannot tolerate or afford anymore of the unending tax hikes being initiated by the senate and congress of Oregon, that are supposed to be working for the people. The senate and congress are out of line, out of touch and out of order. Will you please stop this absolute nonsense of working against "we the people"? 95% of the legislation being created is adverse to the well being of the people and is intended to control, manipulate and exercise power over the people that you claim to represent.
