As an Oregonian and a father of three I struggle to make it payday to Payday I don't think it's fair that we keep being taxed the way that we are with no representation I oppose this bill because oregonians are already taxed way too much to the point of Corporations and businesses are going to start leaving Oregon and it's going to leave more and more for the citizens of Oregon to put the bill and pay higher and higher taxes as it is oregonians are not living a comfortable life we can't afford to do anything
