The thought that a group of elected officials are so greedy to keep the pet projects in place for instance the homeless ! That if this passes after being a life long Oregonian we will be forced to sell our farm of 40 years because we are recently retired and can no longer afford this lunacy! I can drive to Idaho and fuel is over \$1.5 less! There roads are in better shape? Why? Shame on you if you vote yes! We were hit with Covid that drained many folks savings and high inflation and so many living on a Credit Card to live! Vote No!!!!!!
