Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

As an older woman who is disabled and on a fixed income, I cannot afford these increased costs. I also currently live in my vehicle and cannot afford the additional costs related to keeping my vehicle registered and insured. I feel many legislators in Oregon do not listen to their constituents while they enact irresponsible legislation on everyone. This ultimately leads to more and more people having to leave their homes and become homeless, leave the state, or take their businesses out of this state. We need legislators who actually listen to the people and how these bills affect residents' lives. Please vote NO
