I STILL OPPOSE HB 2025. The last-minute changes do little to justify the hardship HB 2025 would still foist on Oregonians. The purported need--more money for ODOT--actually illuminates failures the government has ignored. Find the wastrels and fire them. Find the incompetents and fire them. More taxes only drive enterprises out-of-state. And some big ones have already left! Pay attention. HB 2025 will only do more to weaken our economy and exponentially increase our cost-of-living. THE ENTIRE BILL SHOULD BE SCRAPED. VOTE IT DOWN IN IT'S ENTIRETY! Thank you.
