

Submitter: Vicki Nichols

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

do not pass the transportation bill. This is blatant mis-use of tax payer money. We need to clean house and start over with representatives who care about proper use of tax money and supporting the people who live in this state. As far as I see, adding tax is an easy wsy of a no-fix situation. Fix the problem.
