

Submitter: Jullie Mikkalo

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To the Oregon Legislature

I am opposed to an increase in our taxes. Oregon already ranks in the top 30% of least livable states in the nation; the city of Portland ranks in the top 5 of worst livable cities, the state has the 8th highest cost of living!!! Increasing taxes makes us even more unlivable putting more and more financial stress on those who remain. We do not need more taxes to make more programs or the redirecting of monies that only benefit a few select groups. "NO" to House bill 2025. Correct your priorities and use the taxes already being collected for what they were intended!!!

Thank you.
