Dear Legislators and Gov. Kotek,

Please listen to the people of Oregon. Kill this corrupt tax bill. Oregon has an extreme disparity between affordability and actual earned income. We cannot afford more taxes--it is THAT SIMPLE. We voted down tolls. You tried to get them in the back door. We opposed this historic tax bill--yet the tyrannical Democrats are STILL trying to pass this.

Clean up the overrun streets. Start enforcing laws instead. Start prosecuting crime. STOP the hemorrhaging of businesses, the loss of commerce and the loss of what-once-was the beautiful cities of Oregon. Salem and Portland are dangerous, unrecognizable. Start there. And STOP this transportation tax. Oregon families cannot keep up with the cost of automobiles, gas, fees, and taxes as it is! We need LOWER income and property taxes, not higher! We need SAFER streets, not a rapid slide into squalor and slums.

Oregonians want our state back. Stop the insanity. Listen to the people.
