

Submitter: Luke Galloway

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This tax increase will be the defining factor in finding a job outside the state and moving. My family and I are barely scraping by as it is, higher gas prices and income tax will keep me from putting food on the table for my family. This will push us over the edge. Please have mercy on us, and vote no, I do not want to move away from my friends, family, and community but I will do what I have to for my family.
