#### **BACKGROUND:**

Oregon Housing and Community Services (OHCS) is Oregon's housing finance agency, responsible for program support and for distributing and overseeing funds provided by the State of Oregon. OHCS runs or oversees a variety of housing-stability programs, housing assistance for both renter and homeowners, development financing, and homelessness prevention, among others. According to the [2023-2025 detailed budget analysis](#) by the Legislative Fiscal Office (LFO), the sharp increase in housing prices, interest rates, and costs associated with development have driven housing insecurity among Oregonians while also having significant impacts of the growing budget needs of OHCS. According to LFO, “[OHCS's 2023-2025] budget has increased by nearly \$1.4 billion total funds since the 2003-2005 biennium. The change reflects increases in population growth, economic factors ranging from interest rates and lending environments to recessions (driving the need for additional housing assistance), and an increased focus on the contributions that stable housing can make to health outcomes, educational attainment, and lower levels of crime and recidivism.” The 2025-2027 budget reduced OHCS's budget by 6.9 percent, about \$258.5 million, in total funds expenditure from the 2023-2025 biennium level.
