BACKGROUND:

The [Employment Related Day Care subsidy program](#) (ERDC) helps qualifying families pay for child care. In November 2023, ERDC opened a waitlist for program applicants due to increased demand and limited funding. Although DELC administers the program for families and providers, the Oregon Department of Human Services (ODHS) manages ERDC eligibility through the [ONE system](#).

[ORS 329A.030](#) requires the Oregon Department of Early Learning and Care (DELC) to establish a Central Background Registry (CBR), which complies with federal regulations and allows Oregon to utilize the [Child Care and Development Fund](#) (CCDF) to fund programs such as ERDC. Child care providers, employees, family members, and any other adults who may have unmonitored access to children at a child care facility are considered Subject Individuals (SIs) and must be enrolled in the CBR prior to providing care to children. The [Teacher Standards and Practices Commission](#) (TSPC) and [Oregon Department of Education](#) (ODE) each maintain separate background check processes for SIs working in K-12 education. TSPC licenses teachers and administrators, while ODE handles checks for non-licensed school staff on behalf of school districts.
