RE Legislative Concept Summary
DATE February 13, 2026

LC 334 allows a place of public accommodation offering goods or services to adopt a rounding policy under which the final digit of the total amount due or remaining amount due in certain in-person transactions will be rounded to the nearest five-cent increment. Provides an exception for a buyer who pays in exact change. Requires a place of public accommodation to post signs giving notice of the rounding policy. Declares that rounding done in accordance with the Act is not an unlawful distinction, discrimination or restriction against United States coins or currency under ORS chapter 659A or price misrepresentation under ORS 618.236. Exempts from liability as an unlawful trade or business practice any rounding done in accordance with the Act. Declares an emergency, effective on passage.

LC 335 permits the Oregon Health and Science University to create and maintain a nonprofit corporation under the laws of this state so long as the university is a corporate member of the corporation. Provides that certain individuals who provide patient care for the nonprofit corporation are acting within the scope of their state employment or duties and that certain prohibitions regarding the practice of medicine do not apply to the nonprofit corporation.
