

Link Oregon

**Built for Innovation.
Powered by Community.**

Jackie Wirz, PhD
Executive Director

Technology Together

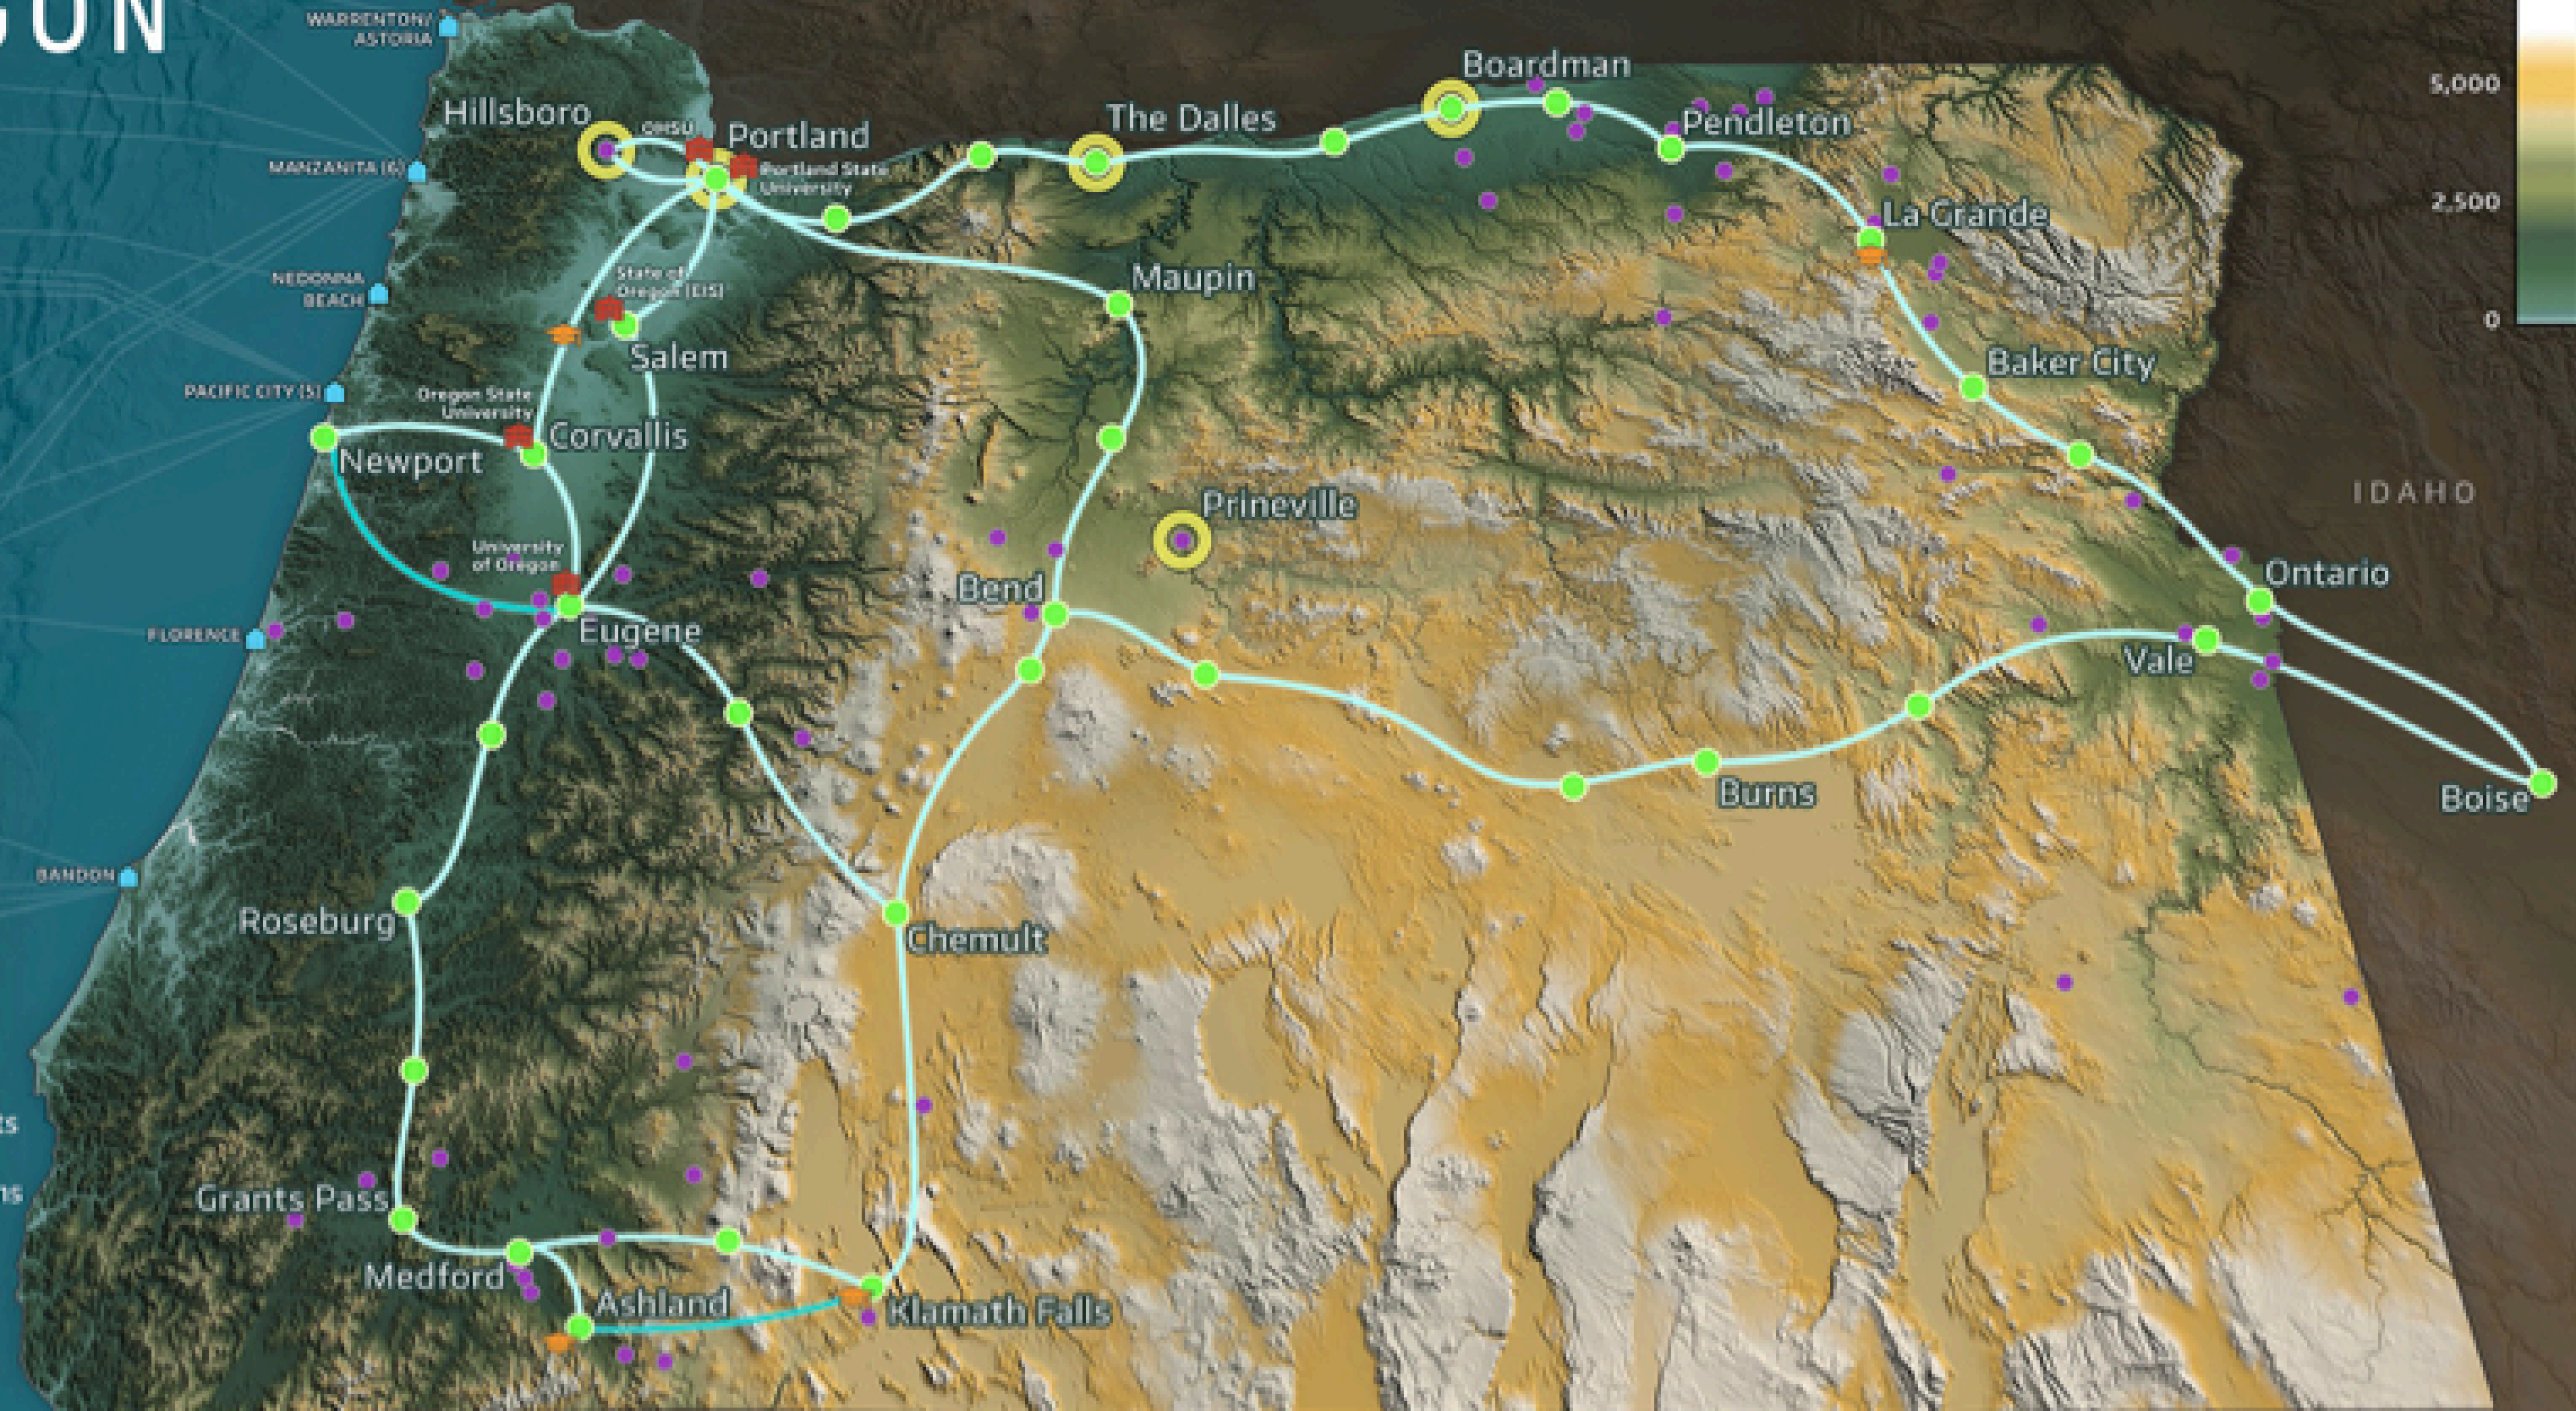

Link Oregon is a non-profit consortium with 45 members

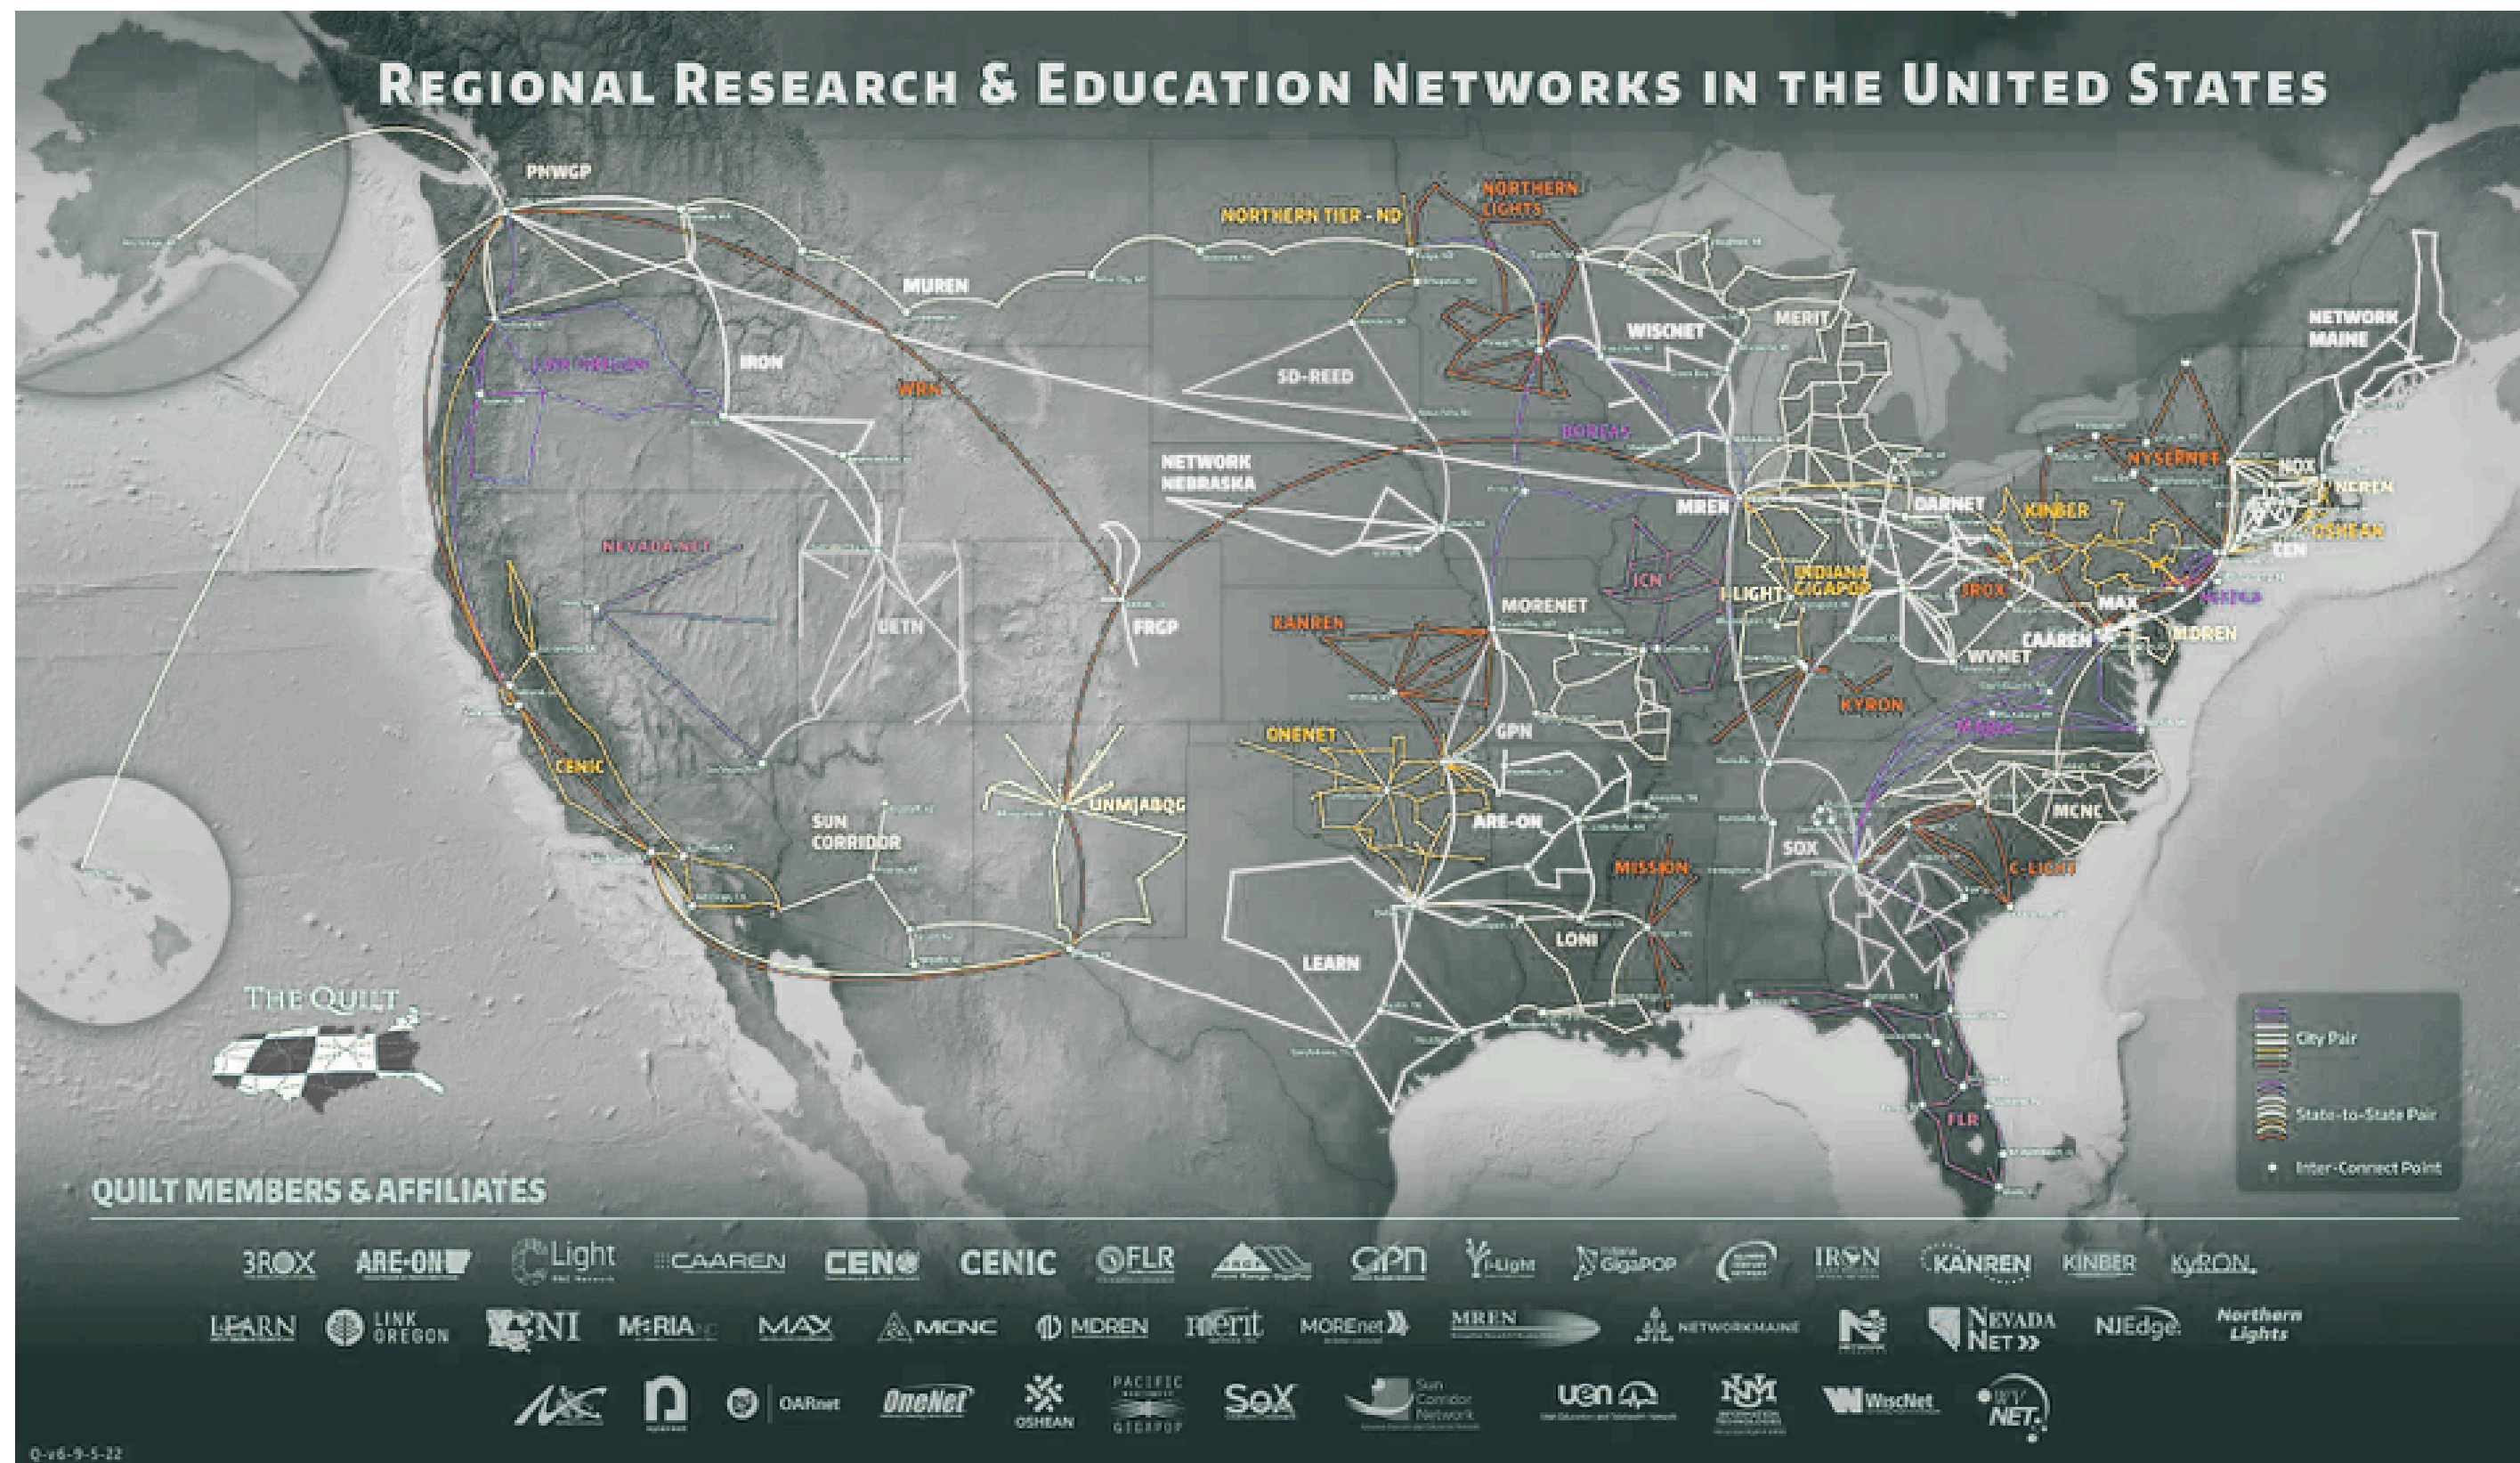

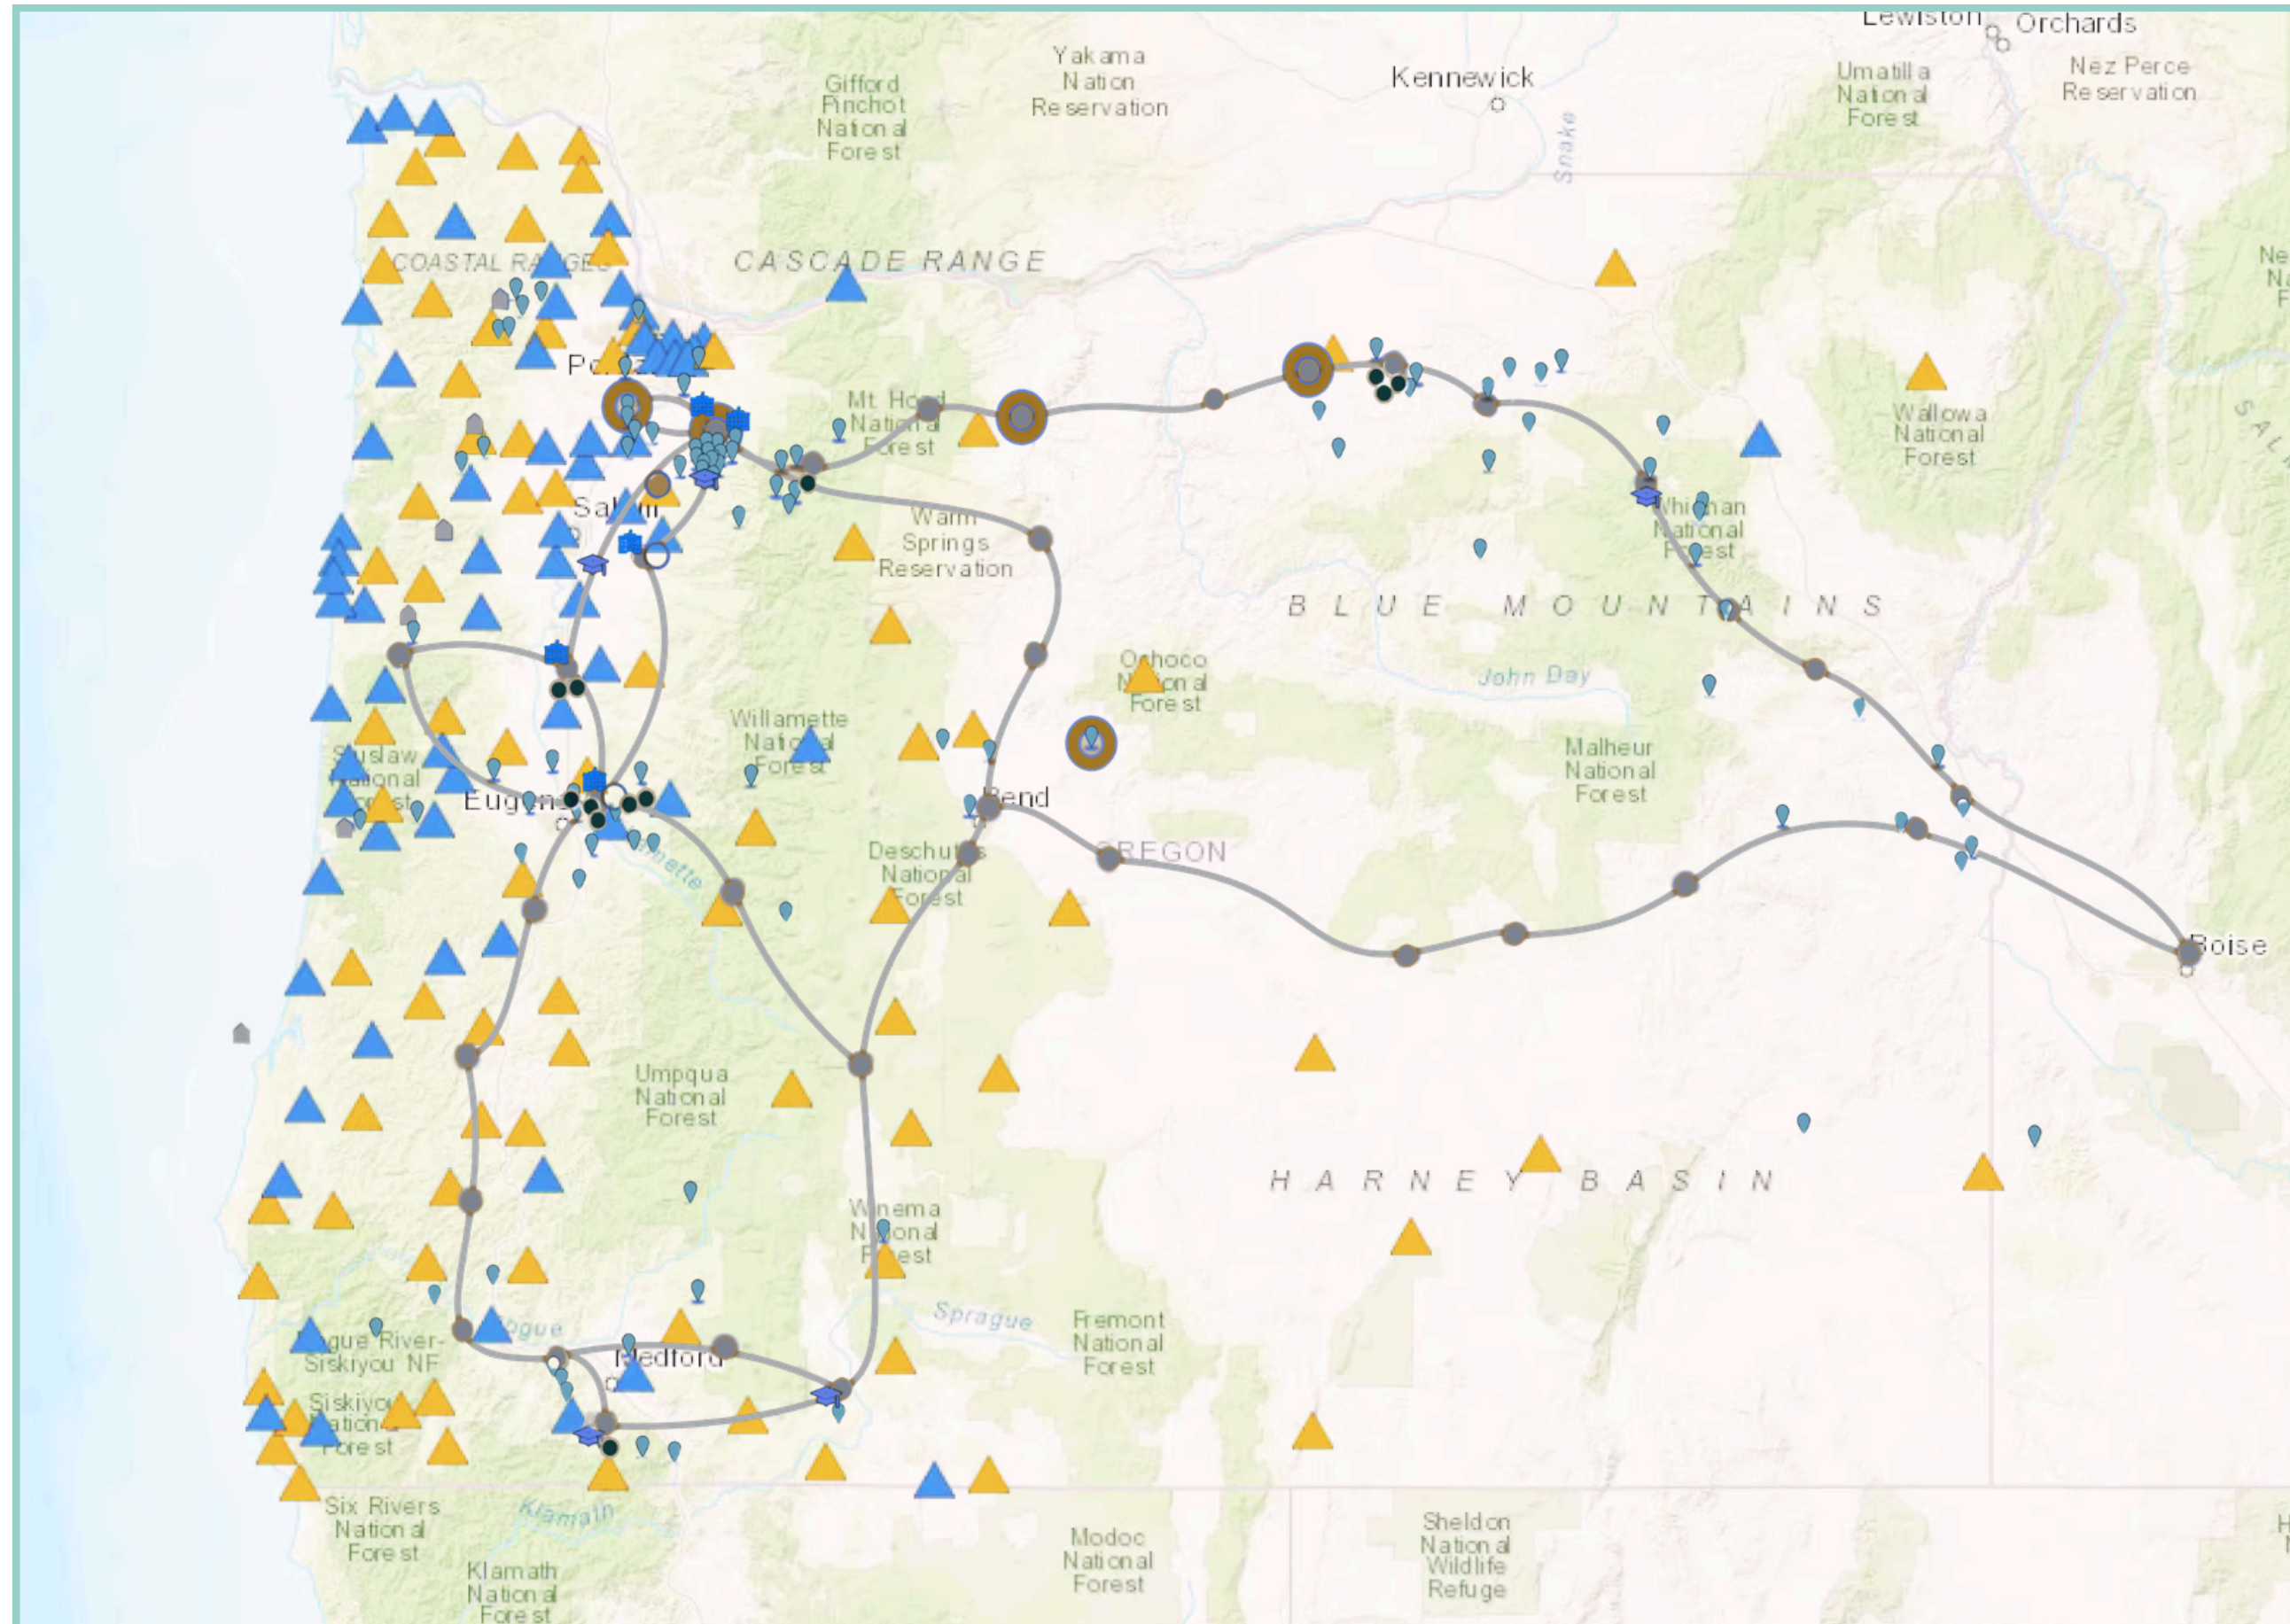

LINK OREGON

- Fiber Broadband Routes
- Resilient Circuit
- Current Service Locations
- Link Oregon Founding Entities
- Technical & Regional Universities
- Link Oregon Connected School Districts
- Commercial Data Center Concentrations
- Transoceanic Cables
- Transoceanic Cable Landing Points

Fiber optic Backbone

Seismic Sensors

Link Oregon Members

Link Oregon Stats

2,500 Miles of Connectivity

Transport and Transit = high speed data transfer and internet connectivity

Cloud connectivity

24/7/365 Monitoring via GlobalNOC

DDoS Mitigation

NSF Projects: ORCA, CIAO

Statewide Research Computing

Western States Broadband Alliance

Link Oregon Impact

We connect people, data, and communities

“All the science in the world and all the detection in the world doesn’t save lives unless you can get it to the community.”

-Doug Toomey, OHAZ

OHAZ + Link Oregon

Partners in Critical Infrastructure and Technology

Together we accelerate research, ensure the safety of Oregonians, and operate an innovative, resilient network that makes a difference every day.

From earthquakes to wildfires, cybersecurity to education, our collaboration transforms data into actionable information.
